Updated through June 30, 2025

Welcome to the Governmental Accounting Research System™

The Governmental Accounting Research System™ has been updated through June 30, 2025.

About GARS

The Governmental Accounting Standards Board (GASB) Governmental Accounting Research System™ (GARS) provides access to all U.S. generally accepted accounting principles (GAAP) for state and local governments. It includes material from the GASB's Codification, Original Pronouncements, and Comprehensive Implementation Guide, as well as related resources and tools.

What's New in This Update

This update incorporates into the Codification and the Comprehensive Implementation Guide the effects of the following pronouncements that first became effective between January and June 2025:

[Statement No. 103, Financial Reporting Model Improvements](#)

[Statement No. 104, Disclosure of Certain Capital Assets](#)

[Implementation Guidance No. 2025-1, Implementation Guidance Update—2025](#)

This update incorporates into the Original Pronouncements the following pronouncement that was issued by the GASB between January and June 2025:

[Implementation Guidance No. 2025-1, Implementation Guidance Update—2025](#)

[View documents for public comment.](#)

[Final Pronouncements Not Yet Incorporated into the Content](#)

Help

The website offers several resources to enhance your working knowledge of GARS. They include a help page with descriptions of specific functions and features of the site and a downloadable user guide.

Effective Dates

December 31: Fiscal Year 2025

- Statement 102—*Certain Risk Disclosures*

December 31: Fiscal Year 2026

- Statement 103—*Financial Reporting Model Improvements*
- Statement 104—*Disclosure of Certain Capital Assets*
- Implementation Guide No. 2025-1, *Implementation Guidance Update—2025* (except for question 4.16)

December 31: Fiscal Year 2027

- Statement 105—*Subsequent Events*

Effective Dates

June 30: Fiscal Year 2026

- Statement 103—*Financial Reporting Model Improvements*
- Statement 104—*Disclosure of Certain Capital Assets*
- Implementation Guide No. 2025-1, *Implementation Guidance Update—2025* (except for question 4.16)

June 30: Fiscal Year 2027

- Statement 105—*Subsequent Events*

Materiality

Included in EVERY Statement:

The provisions of this Statement need not be applied to immaterial items.

Presentation Overview

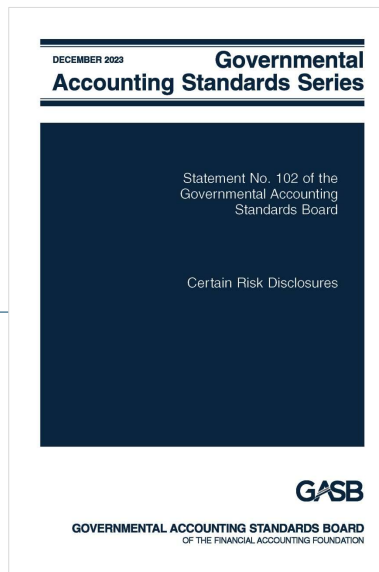

-  Pronouncements being implemented
-  Projects currently being deliberated by the Board
-  Pre-agenda research and other research activities
-  Post-implementation review

Pronouncements Being Implemented

Certain Risk Disclosures

Statement No. 102

Statement 102: Certain Risk Disclosures

What?

The Board has established requirements to disclose certain risks faced by governments.

Why?

Stakeholders asked the GASB to address this issue.

When?

Effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter.

Earlier application is encouraged.

Scope and Definitions: Concentrations and Constraints

Concentrations: lack of diversity in an aspect of a significant inflow or outflow of resources

- For example, the composition of (1) employers, (2) industries, (3) inflows of resources, (4) workforce covered by collective bargaining agreements, (5) providers of financial resources, and (6) suppliers of material, labor, or services

Constraints: limitations imposed by an external party or the government's highest level of decision-making authority

- For example, (1) limitations on raising revenue, (2) limitations on spending, (3) limitations on the incurrence of debt, and (4) mandated spending

Concentrations and constraints limit a government's ability to acquire resources or control spending.

Application of Disclosure Criteria:

Primary government reporting unit, including blended component units, AND

Other reporting units that report a liability for revenue debt

Disclosure Criteria

Disclosures are required if a government determines that:

- A concentration or constraint is known to the government prior to the issuance of financial statements.
- The concentration or constraint makes the reporting unit vulnerable to the risk of a substantial impact.
- An event or events associated with the concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued.

General Disclosure Principles

If comparative financial statements are presented, disclosure requirements only apply to the current period.

Some requirements may supplement other note disclosures; combine to avoid unnecessary duplication.

Information that is the same for more than one reporting unit should be combined to avoid unnecessary duplication.

Disclosure for discretely presented component units subject to paragraph 63 of Statement No. 14, *The Financial Reporting Entity*.

Disclosure Requirements:

Provide information in sufficient detail to enable users to understand the nature of the circumstances and the government's vulnerability to the risk of a substantial impact:

Description of the concentration or constraint

If they have occurred, description of each event associated with the concentration or constraint that could cause a substantial impact

Description of actions taken by the government to mitigate the risk

Effective Date and Transition

- Effective for fiscal years beginning after June 15, 2024
 - All reporting periods thereafter
 - Transition is prospective

Financial Reporting Model Improvements

Statement No. 103

Financial Reporting Model Improvements

What?

The Board has made certain improvements to the financial reporting model—Statements 34, 35, 37, 41, and 46, and Interpretation 6.

Why?

A review of those standards found that they generally were effective but that there were aspects that could be significantly improved.

When?

Effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

Earlier application is encouraged.

Overview

Clarification of operating and nonoperating in proprietary funds

Presentation of proprietary funds statement of revenues, expenses, and changes in net position

Management's discussion and analysis

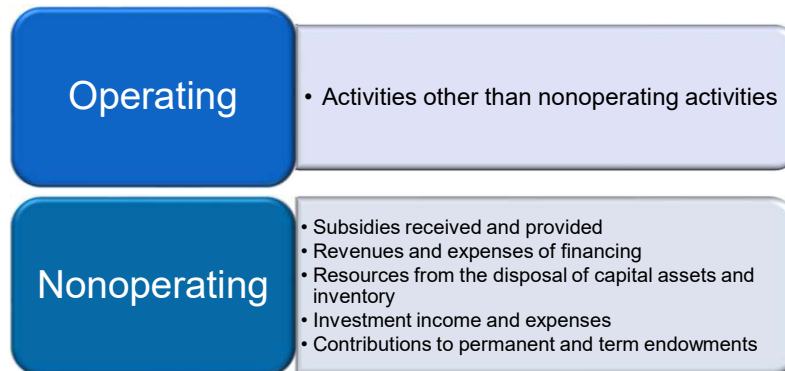

Budgetary comparisons

Major component unit presentations

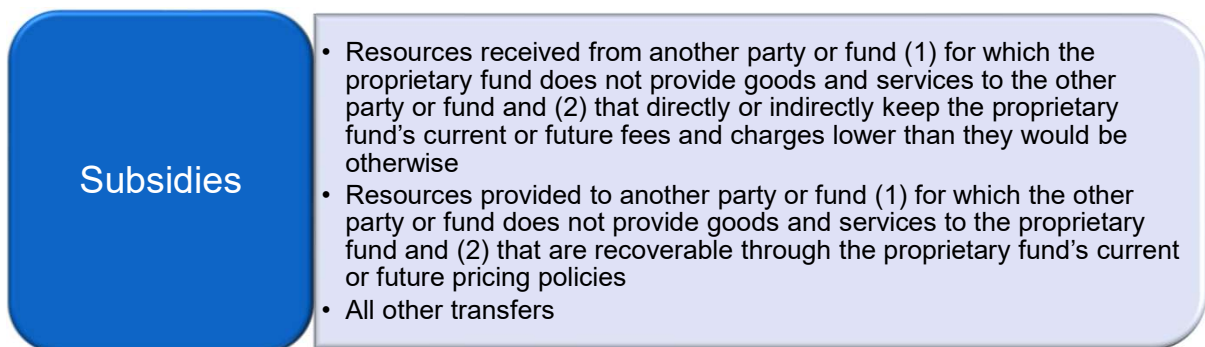

Unusual or infrequent items

Proprietary Funds—Operating and Nonoperating

Separate presentation of operating and nonoperating revenues and expenses

Proprietary Funds—Subsidies

Add a new subtotal for operating income (loss) and noncapital subsidies

Sample City
Statement of Revenues, Expenses, and Changes in Fund Net Position
Proprietary Funds
for the Year Ended June 30, 20X5
(amounts expressed in thousands)

See Exhibit 21 for an illustration of an optional combining statement of internal service funds.

	Enterprise Funds				Internal Service Funds

24

Management's Discussion and Analysis

- Users of MD&A “have different levels of knowledge and sophistication about governmental accounting and finance,” “may not have a detailed knowledge of accounting principles”
- Analysis of current-year balances and activity to explain why balance and results changed from prior year
- Avoid unnecessary duplication, avoid “boilerplate” language
- Focus on primary government, discussion of discretely presented component units is a matter of professional judgment

Management's Discussion and Analysis Components

- Overview of the financial statements
- Financial summary—condensed financial statements
- Detailed analyses
 - Primary government's financial position and results of operations—both governmental and business-type activities
 - In addition to amounts/percent of change, explain **why** change occurred
 - Fund balance or net position and results of operations of each major fund (nonmajor funds excluded)
 - In addition to amounts/percent of change, explain **why** change occurred

Management's Discussion and Analysis Components

- Significant capital asset and long-term financing activity
 - Capital asset activity
 - Include intangible capital assets
 - Discussion of significant additions and disposals
 - Discussion of significant policy changes and economic factors
 - Avoid duplication between the analyses and this component
 - Long-term financing activity
 - Includes debt, leases, PPPs, and SBITAs
 - Discuss new agreements, changes to credit rating, debt limit
 - Discussion of significant policy changes and economic factors
 - Avoid duplication between the analyses and this component

Management's Discussion and Analysis Components

- Currently known facts, decisions, and conditions that are expected to have a significant effect on financial position or results of operations in the subsequent year
 - Trends in relevant economic and demographic data
 - Factors used to develop the subsequent year's budget
 - Those affecting revenues available for appropriation, for example, changes in rates and bases of activity
 - Those affecting planned spending, for example, inflation, labor contracts, changes in programs
 - Expected changes in budgetary net position or fund balance
 - Actions government has taken related to PEB, capital plans, leases, PPPs, SBITAs (long-term items)
 - Actions other parties have taken, such as new laws or regulations

Budgetary Comparisons and Major Component Unit Presentations

Budgetary Comparisons

- Would be presented as required supplementary information (no option for basic statements).
- Required variances would be final-budget-to-actual and original-budget-to-final-budget.

Major Component Unit Presentations

- If it is not feasible to present major component unit financial statements in separate columns in the reporting entity's financial statements, the financial statements of the major component units would be presented in the reporting entity's basic financial statements as combining financial statements.

Unusual or Infrequent Items

Unusual or Infrequent Items

- Separately present inflows and outflows of resources that are unusual in nature and/or infrequent in occurrence (replacing extraordinary and special items).
- Disclose additional information about those inflows and outflows, including the programs, functions, or identifiable activities to which they are related and whether they are within the control of management.

Effective Date and Transition

- Effective for fiscal years beginning after June 15, 2025
 - All reporting periods thereafter
 - Earlier application is encouraged
 - Changes adopted at transition—change in accounting principle (Statement 100)
 - All component units should implement the provisions in the same year as the primary government

Disclosure of Certain Capital Assets

Statement No. 104

September 2024
**Governmental
Accounting Standards Series**

Statement No. 104 of the
Governmental Accounting
Standards Board

Disclosure of Certain Capital Assets

Disclosure of Certain Capital Assets

What?

Establishes

- 1) Requirements for certain capital assets to be disclosed separately in Statement 34 disclosures
- 2) Capital assets held for sale

Why?

Provide essential information to users about certain types of nonfinancial assets

When?

Approved September 2024.

Effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

Capital Assets Disclosure

- Within note disclosures required by Statement 34, separate disclosure of:
 - Lease assets by major class of underlying asset
 - Intangible right-to-use assets recognized by operator in PPP, by major class of underlying PPP asset
 - Subscription assets
 - Intangible assets other than those mentioned above, by major class of asset
- Intangible assets that represent the right to use a type of underlying asset should not be in same major class as owned assets of that type

Capital Assets Held for Sale

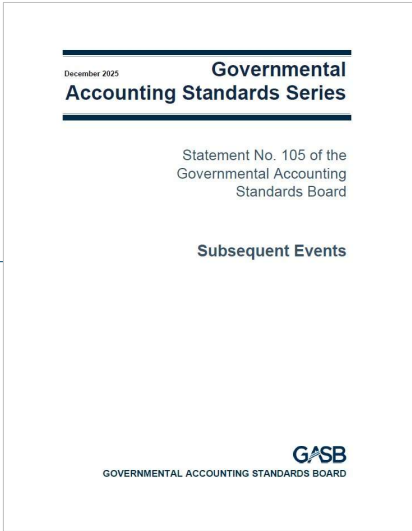

- Capital assets are capital assets held for sale if:
 - The government has decided to pursue the sale of the asset
 - It is probable that the sale will be finalized within one year of the financial statement date
- Factors to consider if it is probable that the sale will be finalized within one year
- No change to measurement
- Disclosures:
 - Historical cost and accumulated depreciation, by major class of asset
 - Carrying amount of debt for which capital assets held for sale are pledged as collateral

Effective Date and Transition

- Effective for fiscal years beginning after June 15, 2025
 - All reporting periods thereafter
 - Earlier application is encouraged
 - Retroactive application, if practicable
 - All periods presented in basic financial statements
 - Disclosure that Statement was implemented and any financial statement line items affected
 - If not practicable, disclose reason for not applying to prior periods

Subsequent Events

Statement No. 105

Subsequent Events

What?

Based on a reexamination of the requirements in Statement 56, Statement 105 replaces the guidance for subsequent events in Statement 56 with an objective of improved requirements to better meet information needs of users.

Why?

Existing guidance is based on other literature dating back to 1972 and generally has not been reevaluated.

When?

Approved December 2025

Effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter.

Earlier application encouraged.

Subsequent Events—General

- Subsequent events
 - Transactions or other events that occur after the date of the financial statements and before the date the financial statements are available to be issued
- Available to be issued
 - Complete in a form and format that complies with GAAP
 - Approvals necessary for issuance have been obtained
- Disclose the date through which subsequent events are evaluated

Recognized and Nonrecognized Events

- Recognized and nonrecognized events
 - Scope: proposed requirements should be applied in the absence of more specific GASB standards
- Recognized events
 - Occur during the subsequent events time frame
 - Provide evidence of conditions that existed at the financial statement date
 - Inform the accounting estimates reported as of the financial statement date

Recognized and Nonrecognized Events (cont.)

- **Nonrecognized events**
 - Occur during the subsequent events time frame
 - Results in a significant effect (favorable or unfavorable) that is recognized or disclosed in the basic financial statements in the period in which the event occurs
 - Either are:
 - One of the following specific events: debt-related transaction, combination/disposal, change to legally separate entities, or
 - Of such a nature to be essential to a user's analysis for making decisions or assessing accountability
 - Should be disclosed in notes to financial statements

Nonrecognized Events—Notes to Financial Statements

- **Notes to financial statements for nonrecognized events**
 - Description of nonrecognized event and its effects
 - Estimate of the amount of effect of the nonrecognized event
 - Or reason why an estimate cannot be made
 - Correspond to reporting units
 - Avoid unnecessary duplication

Effective Date and Transition

- Effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter
 - Earlier application is encouraged
- Prospective application at transition

Implementation Guidance Update

IG Update 2025

Implementation Guidance Update

What?

The need for updates to Q&A implementation guidance is considered annually.

Why?

New guidance is added as new pronouncements are issued and new issues arise.

When?

The Board cleared the issuance of the guidance in June 2025.

Effective date and transition varies by topic.

Implementation Guide Update—2025

- New questions related to:
 - Statement 103
 - Statement 101
 - Statement 100
 - Statement 91
 - Statement 87
- Amendments to existing questions related to:
 - Capital assets (7.9.6 in Implementation Guide 2015-1)
 - Special revenue funds (Z.54.30 in Implementation Guide 2015-1)

Current Technical Agenda Projects

Technical Plan Overview

- **Comprehensive Projects:**
 - Revenue and Expense Recognition
- **Major Projects:**
 - Going Concern/Severe Financial Stress
 - Infrastructure Assets
- **Practice Issues:**
 - Implementation Guide—Update
- **Technology Project:**
 - Voluntary Digital Financial Reporting
- **Research Activities:**
 - Cybersecurity Risk Disclosures
 - Revenue and Expense – Note Disclosures
 - GAAP Structure
 - Pension & OPEB Disclosures – Concepts Statement 7

Going Concern Uncertainties and Severe Financial Stress

Going Concern Uncertainties and Severe Financial Stress Project

What?

The Board is:

- reviewing existing standards related to going concern, and
- addressing issues related to disclosures regarding going concern uncertainties and severe financial stress.

Why?

Existing guidance presents challenges that result in diversity in practice.

Some governments experience severe financial stress but do not dissolve and others dissolve for reasons other than severe financial stress.

When?

The Board issued a Preliminary Views in March 2025.

Comment deadline was June 30, 2025.

Preliminary Views – Two Independent Ideas

- **Severe Financial Stress (SFS)**
 - Condition existing as of financial statement date
 - Regardless of continued existence
- **Probable Dissolution (PD)**
 - Uncertainty about future event occurring
 - Regardless of financial condition
- Government could be required to make SFS disclosures, PD disclosures, or both
- *Going concern uncertainty* not used for greater clarity

Preliminary Views – Severe Financial Stress

- Disclosures required if government is experiencing financial difficulties such that it is near or at the point of insolvency
 - Regardless of continued existence
 - Condition as of the financial statement date
 - Guidance to help evaluate whether government is near insolvency (proximity not time, indicators)
- **Disclosures to be made**
 - Reasons and causes for the condition
 - Government's evaluation of significance of those reasons and causes
 - Actions taken in response
 - Known effects
 - Additional disclosures in subsequent periods if condition persists or is alleviated

Preliminary Views – Probable Dissolution

- Disclosures required if probable that government will cease to exist as the same legally separate entity within 12 months from the date FS available to be issued
 - Regardless of financial condition
 - Could be merger, acquisition, or dissolution without replacement
- Disclosures to be made
 - Statement that there is PD
 - Reasons and causes for PD
 - Government's evaluation of significance of those reasons and causes
 - Actions taken in response
 - Recoverability or classification of assets and liabilities
 - Additional disclosures in subsequent periods if PD persists or no longer present

Project Timeline

Pre-Agenda Research Started	April 2015
Added to Current Technical Agenda	December 2021
Deliberations Began	July 2022
Preliminary Views Issued	March 2025
Exposure Draft Scheduled to Be Considered for Issuance	June 2027

Implementation Guidance

Financial Reporting Model Improvements—Subsidies

Implementation Guidance on Financial Reporting Model Improvements—Subsidies

What?

The need for updates to Q&A implementation guidance is considered annually.

Why?

New guidance is added as new pronouncements are issued and new issues arise. This guidance specifically addresses the Statement 103 provisions related to subsidies.

When?

The Board cleared the issuance of a proposed Exposure Draft in February 2026. Comment period ends April 27, 2026.

Effective for fiscal years beginning after June 15, 2026. Earlier application is encouraged.

Implementation Guide Update—2025

- New questions related to:
 - Statement 103, provisions related to subsidies
- Amendments to existing questions related to:
 - Subsidies (4.5 in Implementation Guide 2015-1)

Infrastructure Assets

Infrastructure Assets

What?

The GASB is evaluating existing guidance related to infrastructure assets and the usefulness of information reported by governments.

Why?

Stakeholders have asked the GASB to review various aspects of infrastructure asset reporting; the most relevant standards have been in effect 15-20 years.

When?

The Board issued a Preliminary Views in September 2024. Comment deadline was January 17, 2025.

Preliminary Views

Infrastructure assets should continue to be recognized and measured in financial statements using historical cost net of accumulated depreciation, except for those governments that elect to use the modified approach.

Requirements for use of the modified approach as described in Statement 34 generally should continue to apply.

Preliminary Views on Measurement Using Historical Cost

Estimated useful lives and salvage values of infrastructure assets should be reviewed periodically and adjusted, if necessary

Each component of an infrastructure asset with a cost that is significant in relation to the total cost of the infrastructure assets should be depreciated separately if the useful life is different

Proposed Disclosures

Summary of policy for monitoring and maintaining or preserving infrastructure assets

Historical cost, accumulated depreciation, and weighted average of historical cost of infrastructure assets that have exceeded 80 percent of their estimated useful lives with separate disclosure of those (a) that have exceeded their estimated useful lives and (b) those that have exceeded 80 percent of their estimated useful lives but have not exceeded their estimated useful life

Proposed Removed Disclosure

Description of modified approach in summary of significant accounting policies for infrastructure assets reported using the modified approach

Project Timeline

Pre-Agenda Research Started	August 2019
Added to Current Technical Agenda	April 2023
Deliberations Began	May 2023
Preliminary Views Issued	September 2024
Exposure Draft Scheduled to Be Considered for Issuance	March 2026

Revenue and Expense Recognition

Revenue and Expense Recognition

What?

The Board has proposed a comprehensive model for recognition of revenues and expenses

Why?

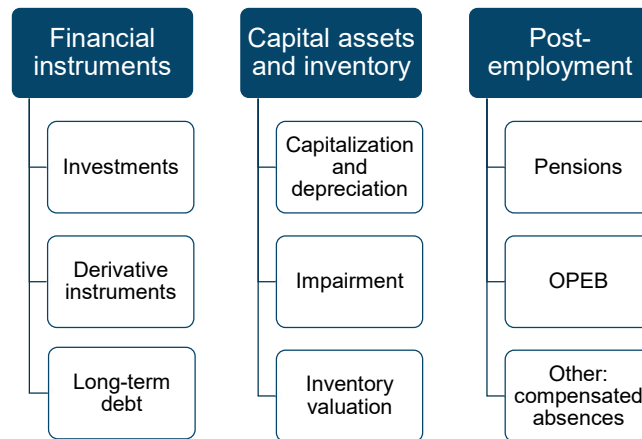

Guidance for exchange transactions is limited; guidance for nonexchange transactions could be improved and clarified

When?

Exposure Draft scheduled for March 2027

Scope of the Project

- The scope is defined broadly to include revenues and expenses that are not **explicitly excluded**:

Scope in the Context of Standards

In Scope:

- Revenue and expense recognition from nonexchange transactions
 - Statements 6, 24, 33, 36
- Revenue and expense recognition from exchange transactions
 - Statements 34 and 62

Out of Scope:

- Statements issued since Statement 63
- Statements that result from projects added to the technical agenda after April 2016

Proposed Recognition Model Components

Categorization

Identify the *type* of transaction

Recognition

Determine *what* element should be reported and *when*

Measurement

Determine the *amount* to report

Categorization Methodology

Process to identify transactions as Category A (include a performance obligation, or Category B (does not include a performance obligation)

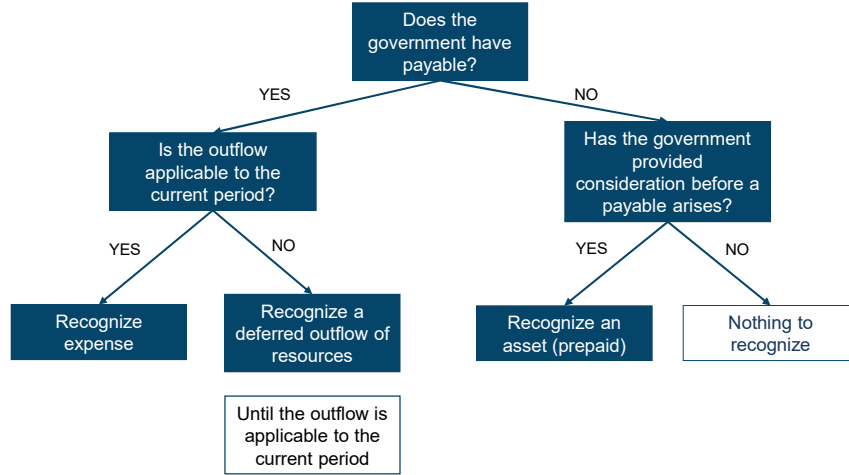

Identification

- Binding Arrangement
- Transaction(s)
- Parties
- Rights and Obligations

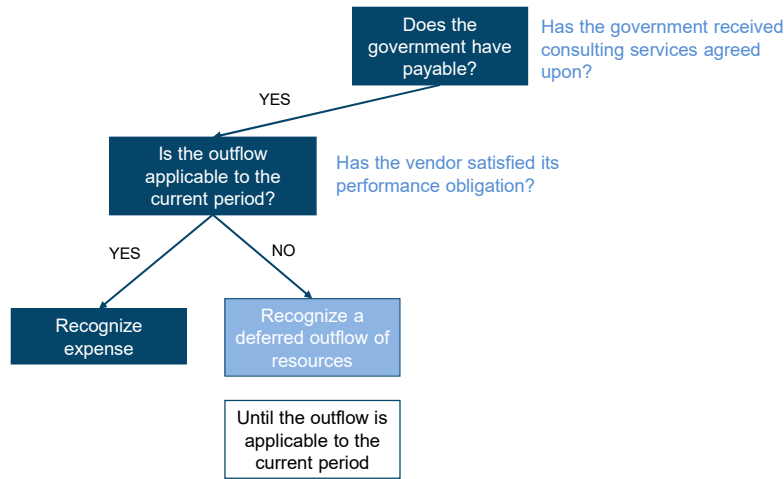

Assessment of Rights and Obligations

- Substantiveness
- Interdependence

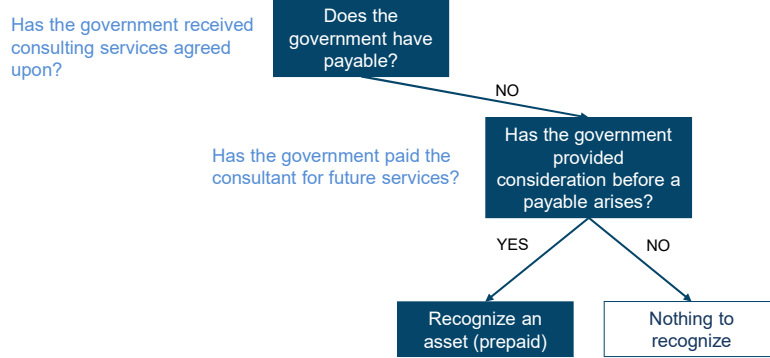

Proposed Expense Recognition Principles

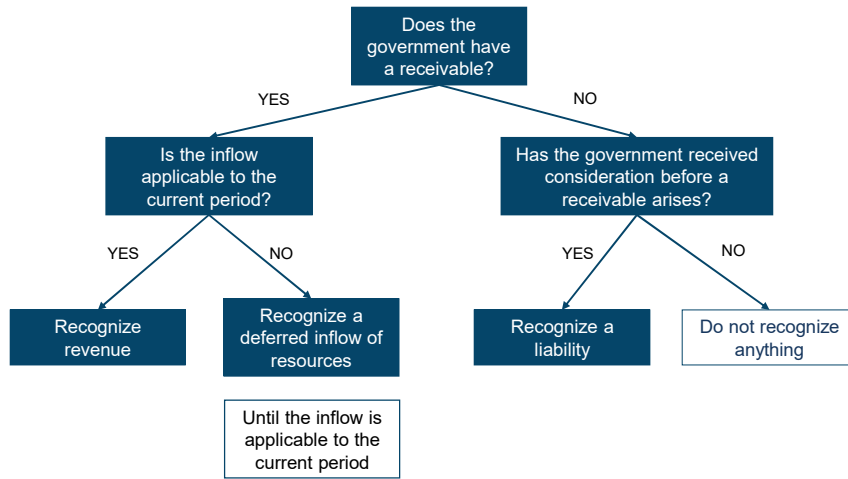

Consulting Expense Example—Part I

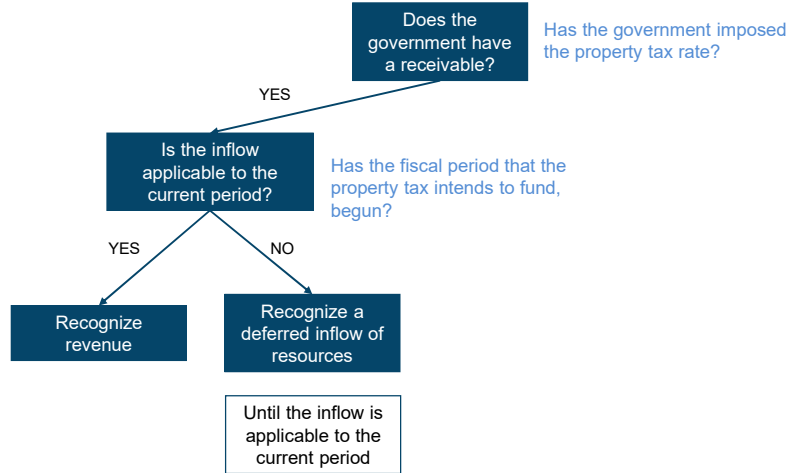

Consulting Expense Example—Part II

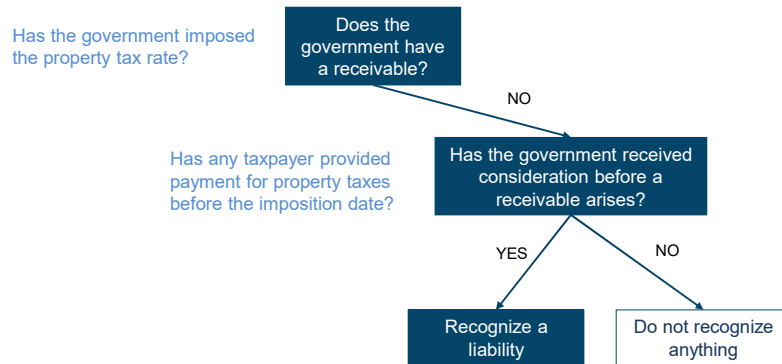

Proposed Revenue Recognition Principles

Property Taxes Revenue Example—Part I

Property Taxes Revenue Example—Part II

Organization of Category B Transactions

Imposed Transactions			Transactions with Qualifying Requirements	Transactions without Qualifying Requirements		
Imposed on an underlying transaction	Imposed on actions committed or omitted	Imposed on property ownership		Contractual Binding Arrangement	Legislative Binding Arrangement Periodic Appropriation	Legislative Binding Arrangement Continuous Appropriation
Sales Tax Income Tax	Regulatory Fees Punitive Fees	Property Taxes	Federal Grants	Pledges PILOTS	K-12 Aid	Shared Motor Fuel Tax

Imposed on an Underlying Transaction

Characteristics	Recognition	Examples
<ul style="list-style-type: none"> A government imposes a requirement to provide resources Upon the occurrence of an underlying transaction 	<ul style="list-style-type: none"> Receivable is recognized when the underlying transaction occurred Revenue is generally recognized along with the receivable 	<ul style="list-style-type: none"> Sales Tax Personal and Corporate Income Taxes Passenger Facility Charges 

Imposed on Actions Committed or Omitted

Characteristics

- A government **imposes** a requirement to provide resources
- Upon an action or an omission

Recognition

- Receivable is recognized when the underlying action or omission takes place
- Revenue is generally recognized along with the receivable

Examples

- Regulatory fees: Fishing License
- Punitive fees: Moving Violations
- Escheats and seizures

Imposition on Property Ownership

Characteristics

- A government **imposes** a requirement to provide resources
- On property ownership
 - Personal property
 - Real Property

Recognition

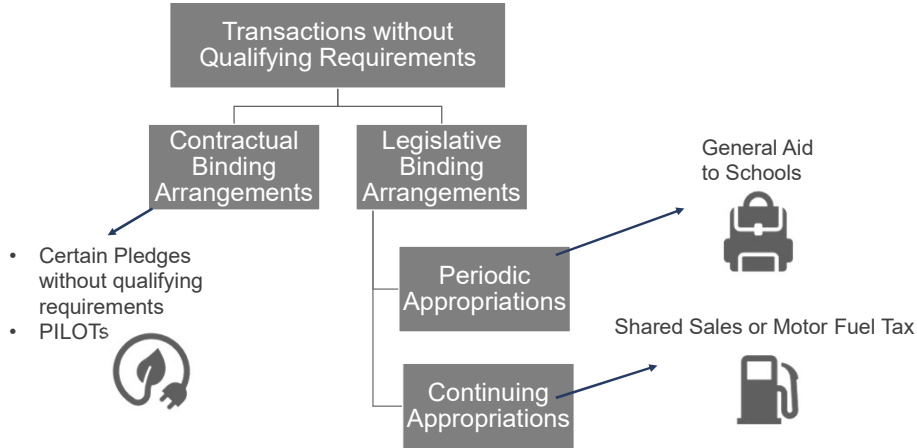

- **Receivable is recognized at the imposition date**
- A deferred inflow of resources is recognized if the imposition occurs before the fiscal period the tax is intended to fund
- Revenue is recognized in the fiscal period the tax is intended to fund

Examples

- Real Property Tax
- Personal Property Tax

Transactions without Qualifying Requirements— Examples

Transactions without Qualifying Requirements — Recognition

General Aid to Schools (Periodic Appropriation)	Shared Revenue (Continuing Appropriation)	Pledges (without Qualifying Requirements)
<ul style="list-style-type: none"> The provider government has appropriated the resources. The period of the appropriation has begun, and The provider government intends to provide the resources. 	<ul style="list-style-type: none"> Recipient recognizes the asset when the underlying transaction has occurred if: There is an appropriation (if required), and The provider government intends to provide the resources 	<ul style="list-style-type: none"> Recognize a receivable when the government receives or becomes aware of the binding arrangement. If subject to time requirements, recognize a DIR.

Transactions with Qualifying Requirements—Proposed Clarifications

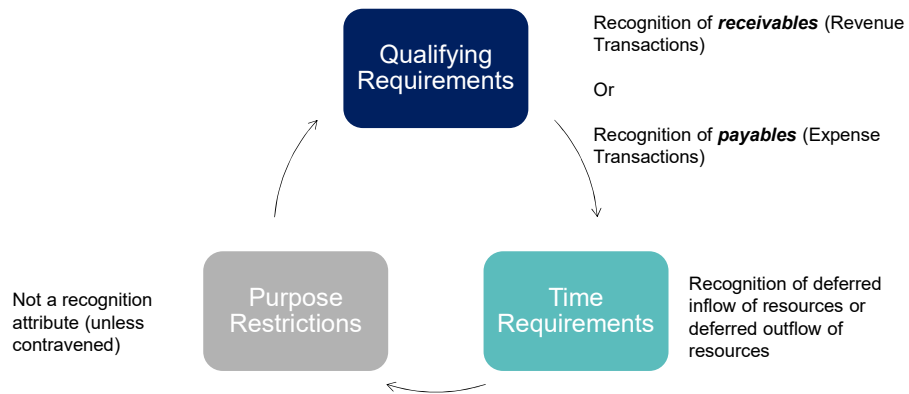

Characteristics	Recognition	
<ul style="list-style-type: none"> Externally imposed conditions or conditions imposed by law that are required to be satisfied by the recipient before said recipient is entitled to the resources 	<ul style="list-style-type: none"> Recipient recognizes a receivable when qualifying requirements are satisfied. 	<ul style="list-style-type: none"> <i>Terminology difference to communicate change in concept.</i> <i>Timing of cash does not determine the type of transaction (no longer identified as “reimbursement based”).</i> Exercise of professional judgement remains a necessary step to determine if a transaction includes qualifying requirements.

Tentative Decisions about Qualifying Requirements

Administrative Requirements	<ul style="list-style-type: none"> Filing reports or reimbursement requests 	<input type="checkbox"/>
Qualifying Costs	<ul style="list-style-type: none"> Incurrence of cost in compliance with all other applicable requirements 	<input checked="" type="checkbox"/>
Other Qualifying Requirements	<ul style="list-style-type: none"> Actions of the government not associated with costs, for example, outputs or outcomes 	<input checked="" type="checkbox"/>
Post Grant Compliance Requirements	<ul style="list-style-type: none"> Capital maintenance, purpose of the capital asset, prevailing wages 	<input type="checkbox"/>

A receivable (for the recipient) is recognized when the government has complied with either qualifying costs requirements or other qualifying requirements.

Transactions with Qualifying Requirements—Clarifications

Purpose Restrictions and Time Requirements

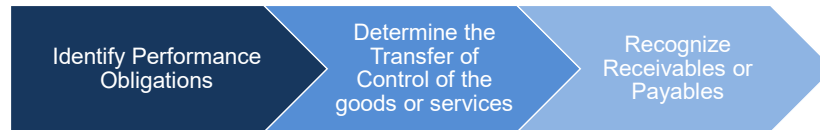

Purpose Restrictions

- Externally imposed or imposed by law that limits the activities or programs for which resources can be deployed
- Not a recognition attribute
- Not self-imposed
- Can simultaneously exist with qualifying requirements
- Motor fuel tax

Time Requirements

- Externally imposed or imposed by law that establish the period or periods when the use (sale, disbursement, or consumption) of resources may begin or should end.
- A recognition attribute that establishes the existence of a deferral
- Neither permanent constraint nor self-imposed
- Not appropriations nor performance periods
- For example, property taxes to fund a specific fiscal period.

Proposed Recognition Principles for Category A Transactions

Performance obligations are distinct goods and/or services identified in the transaction

(Recognition unit of account)

Goods or services are assets that are transferred either at a point in time or over time

(Pattern of transfer of Control)

Revenues (expenses) are recognized along with the corresponding receivable (payable)

(Conceptual underpinnings)

Criteria for Identifying Performance Obligations

Service capacity of the good or service can be obtained by being:

1. Combined with readily available resources
2. Used, consumed, or sold

Goods and services are separately identifiable within the context of the transaction. Indications that they are NOT separately identifiable:

1. Significant integration
2. Significant customization
3. Highly interrelated

Goods and/or services may be combined into bundles, or a transaction may result in a single performance obligation

Category A Revenue Recognition: Over Time or Point in Time

Criteria for Recognition Over Time

Criterion 1	Criterion 2	Criterion 3
<ul style="list-style-type: none"> • Simultaneous consumption • Example: Electricity 	<ul style="list-style-type: none"> • Creates or enhances an asset • Example: Construction in progress 	<ul style="list-style-type: none"> • Creates a resource without an alternative use • Has right to payment • Example: Research work

- If one over time criterion is met, revenue is recognized over time.
- If no criterion is met, then recognition is at a point in time.

Category A Revenue Recognition Examples

A performance obligation is satisfied when there is a transfer of control of resources

Bus Service	<ul style="list-style-type: none"> • The performance obligation is satisfied as the government makes the service available
Tuition	<ul style="list-style-type: none"> • The performance obligation is satisfied as education is provided
State Lottery	<ul style="list-style-type: none"> • The performance obligation is satisfied when the State provides the opportunity for financial gain

Category A Expense Recognition Examples

A performance obligation is satisfied when there is a transfer of control of resources.

Expenses are assets even if only momentarily.

City orders supplies

• The performance obligation is satisfied when the city receives the supplies

School District hires CPA

• The performance obligation is satisfied as the CPA firm carries out the expected work, such as an audit

Public Utility employees

• The performance obligation is satisfied as the employees perform services over time

Pre-Agenda Research and Technology Project

Pre-Agenda Research

Pension and OPEB Disclosures—Concepts Statement 7

Pension and OPEB Disclosures—Concepts Statement 7

What?

The GASB is evaluating required note disclosures in the pension and OPEB Statements through the lens of Concepts Statement 7.

Why?

Concepts Statement 7 was issued after the pension and OPEB Statements.

When?

The Board added the pre-agenda research in April 2025.

Pre-Agenda Research Activities

- Identify and catalog all existing pension and OPEB note disclosure requirements (plans and employers)
- Conduct research with users to identify whether they use existing note disclosures (to inform whether a breadth or depth of users use the information), and if so, how they use the information (to inform whether the information has a meaningful effect on their analysis for making decisions or assessing accountability)

Cybersecurity Risk Disclosures

97

Cybersecurity Risk Disclosures

<h2>What?</h2> <p>The GASB is determining whether additional guidance may be able to improve financial reporting with specific disclosures related to cybersecurity threats.</p>	<h2>Why?</h2> <p>State and local governments are increasingly being exposed to cybersecurity threats.</p>	<h2>When?</h2> <p>The Board added the pre-agenda research in December 2024.</p>

98

Research Objectives

To determine:

- the types of cybersecurity threats faced by state and local governments
- whether and how cybersecurity threats are currently disclosed in the financial statements
- whether financial reporting guidance has the potential to address user needs for this information

GAAP Structure

GAAP Structure

What?

The GASB is evaluating the effectiveness of the GASB's current dual-authority approach to communicating GAAP for state and local governments.

Why?

The existing GAAP structure includes both Original Pronouncements and the Codification, each with equal authoritative status.

When?

The Board added the pre-agenda research in August 2023.

Research Objectives

- Phase 1
 - Evaluate the effectiveness of the GASB's current dual-authority approach to communicating GAAP.
- Phase 2
 - Explore a single authority structure, including whether and how it could be operationalized.

Revenue and Expense Recognition—Note Disclosures

Revenue and Expense Recognition—Note Disclosures

What?

The GASB is evaluating the need for note disclosures associated with transactions that are in the scope of the revenue and expense recognition project.

Why?

Note disclosures were scoped out of the revenue and expense recognition project.

When?

The Board added the pre-agenda research in August 2024.

Research Activities

- Survey of users – to determine what information users need related to revenue and expense transactions in the scope of the revenue and expense recognition project to make decisions or assess accountability
- Focus groups – to further discuss the types of information identified in the user survey as being needed

Technology Project

Voluntary Digital Financial Reporting

107

Voluntary Digital Financial Reporting

<h2>What?</h2> <p>The GASB is developing one or more governmental digital taxonomies for GAAP financial reporting.</p>	<h2>Why?</h2> <p>The taxonomies that may result from this effort could be used by governments on a voluntary basis to report their GAAP financial statements in digital formats.</p>	<h2>When?</h2> <p>The Board added the technology project in December 2024.</p>

Post-Implementation Review (PIR)

What is PIR?

The GASB monitors and supports implementation of all of its pronouncements.

For Statements resulting from comprehensive projects and major projects that address a fundamental aspect of the standards, the GASB also:

Examines a random sample of financial reports for the year prior to, year of, and year after implementation.

Collects information from their preparers regarding staff hours and nonstaff costs for those three years.

Examines financial reports for the same random sample in the fifth year of implementation.

Conducts stakeholder roundtables and surveys regarding their experience with the standards.

Reports the findings publicly.

Why does the GASB conduct PIRs?

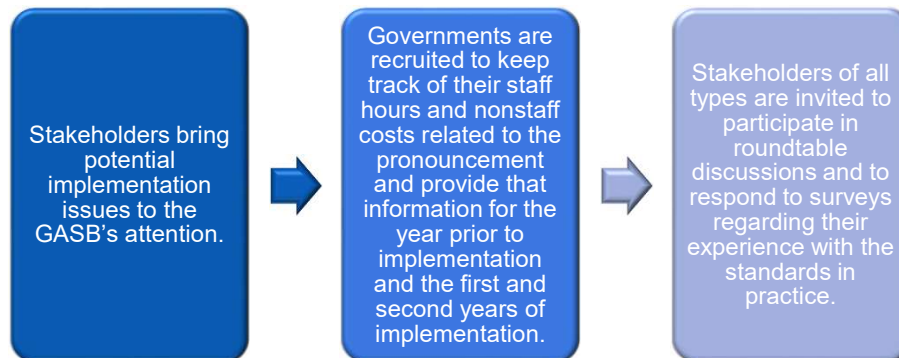

To provide general support to stakeholders when implementing significant new pronouncements

To identify and address practice issues that arise

To answer technical inquiries from stakeholders and develop and publish Q&A implementation guidance

To collect timely information that the Board can use to evaluate cost-benefit considerations as it develops other pronouncements and when it reexamines the standards in the future

How does the GASB involve stakeholders in PIR?

Which Statements Are under Review?

Statement 75—Employer Reporting for Other Postemployment Benefits (OPEB)

Statement 84—Fiduciary Activities

Statement 87—Leases

What is the status of the PIRs?

OPEB	Archival data collection completed for year prior to implementation, implementation year, second year of implementation, and fifth year of implementation; Collection of implementation effort and cost information completed; Roundtables completed, and results summarized; user, preparer, and auditor surveys completed and results summarized
Fiduciary activities	Collection of implementation effort and cost information completed
Leases	Collection of implementation effort and cost information completed; archival data collection has begun
